[Answer](#)

I have attempted to download the software many times, but each time the downloaded file is bigger than the file size listed on the web site. Why am I having this problem?

This problem seems to occur only when using a download manager with specific network conditions. If at all possible, you will have better results by downloading the software normally through your browser.

Do you produce a version of PC Brother Disk Cleaner Free for the Mac?

No. PC Brother Disk Cleaner Free Soft Development Team does not develop Macintosh software at this time. Unfortunately, as we are not familiar with the Macintosh software market, we do not know of a solution to recommend for similar operations on the Mac platform.
