**Optimize:** Optimize computer performance, appearance, network and security.

1. The "Optimize" button optimizes system performance, appearance, network and security.
2. Each item in the list can be double-clicked to optimize separately.

3. Clicking "Switch to Custom Configuration" will allow users to select the items they would like to optimize. Such as:

"Switch to Smart Configuration" can switch interface back to default state.

"Select All" or "Select None" can help users to select items quickly when using "Custom Configuration".

4. Back up files before you optimize, so that you can restore system to former state if necessary.
5. Your system's maintenance's version is showed at the bottom.

## Tools

**Tools:** Detect unneeded tasks to terminate, disable or stop your autoruns, process, service or connections.

The screenshot shows the 'Tools' section of the 'PC Brother System Maintenance Free' application. The interface includes a top navigation bar with 'Optimize', 'Security', 'Tools', and 'PC Info' buttons. Below this, there are tabs for 'Autoruns', 'Processes', 'Services', and 'Connections'. The 'Autoruns' tab is active, displaying a table of 13 autorun items. A context menu is open over the 'IMSCMig' item, showing options like 'Disable', 'Delete', 'File Location', 'File Property', 'Refresh List', 'Search online', and 'Client Utility'. To the right, the 'Autorun Details' window shows information for 'IMSCMig', including its state (Enable), command line, location, and file description. At the bottom, there are buttons for 'Disable', 'Delete', and 'Refresh List'. Four numbered callouts (1, 2, 3, 4) point to the 'Autorun items are listed as below: 13' text, the 'Autorun Details' window, the 'Refresh List' button, and the 'Disable', 'Delete', and 'Refresh List' buttons respectively.

Name	State	Description
msnmsgr	Enable	Windows Live Messenger
ctfmon.exe	Enable	CTF Loader
360Safefray	Enable	
Microsoft Pinyin IME M...	Enable	Microsoft Pinyin IME 2007
IMSCMig	Enable	Microsoft Pinyin IME Installer
SkyTel	Invalk	
AVP	Enable	b-Virus
NvCplDaemon	Invalk	File Location
RTHDCPL	Invalk	File Property
Alcmtr	Invalk	Refresh List
nviz	Invalk	Search online
NvMediaCenter	Invalk	Client Utility
WCU	Enable	

1. Number of running programs in each section.

- **Autoruns:** Lists the number of autorun items.

## Frequently Asked Questions

### The most frequently asked questions are as follows

1. What does PC Brother System Maintenance Free do?\_

[Answer](#)

2. What is the benefit of using Security in PC Brother System Maintenance Free?\_

[Answer](#)

3. I have attempted to download the software many times, but each time the downloaded file is bigger than the file size listed on the web site. Why am I having this problem? \_

[Answer](#)

4. Do you sell a version of PC Brother System Maintenance Free for the Mac? \_

[Answer](#)

### What does PC Brother System Maintenance Free do?

To make the system run more stably and smoothly, "PC Brother System Maintenance Free" can maintain users' PC by optimizing the system performance, ensuring security and by speeding up networks.

1. **Optimize** - Speeds up their PC quickly and easily by using "One-click Optimize".
2. **Security** - Automatically detects security risks and reminds users to solve them in time.
3. **Tools** - Manages "Autorun", "Process", "Service" and "Network Connections" more easily and effectively. (Recommended for professionals)
4. **PC Info** - Displays system software and hardware details.

### What is the benefit of using Security in PC Brother System Maintenance Free?

Security center is beneficial for users who want to keep their computer secure. It can help users detect security risks, check antivirus status, manage system updates as well as firewalls. It also reminds users of important system updates.

**I have attempted to download the software many times, but each time the downloaded file is bigger than the file size listed on the web site. Why am I having this problem?**

This problem seems to occur only when using a download manager with specific network conditions. If at all possible, you will have better results by downloading the software normally through your browser.

**Do you produce a version of PC Brother System Maintenance Free for the Mac?**

No. PC Brother System Maintenance Free Soft Development Team does not develop Macintosh software at this time. Unfortunately, as we are not familiar with the Macintosh software market, we do not know of a solution to recommend for similar operations on the Mac platform.
